Memo No.: T/App/Promotion Scheme/2016/243

Date: 3-11-16

Subject: Implementation of Apprentices Act 1961-uploading of apprentices data on portal.

Please refer to this office letter no. T/App/Promotion Scheme/2016/232 dated 21.10.2016 on the subject cited above.

As you are already intimated that the online registration of establishments and apprentices is mandatory on Apprenticeship Portal and complete data of apprentices engaged is to be uploaded on this portal. New apprentices as well as the apprentices already engaged and undergoing training at present, are also to be registered on this portal, immediately, for obtaining the financial benefits available under NAPs.

In view of this, Govt. has directed to enter the legacy data of the establishments, engaged apprentices and ensure the completion of entry of legacy data immediately. Legacy data includes the details of apprentices undergoing training, apprentices completed training but yet to appear in AITT for apprenticeship. For appearing in AITT scheduled to be held shortly, the complete data of apprentices must be uploaded on online portal, so as to generate hall tickets.

Since most of the AAAs have not uploaded the complete legacy data on the portal, so the Govt. of India have to postponed the AITT for the apprentices for few weeks. It is therefore, necessary to complete the uploading of apprentices data on the portal immediately so that the apprentices can appear in the AITT apprentice exam. Any engaged apprentice if not uploaded on portal will not be allowed to appear in the examination and the sole responsibility will lie upon the concerned AAA.

You are therefore directed:

1. To ensure that 100% legacy data is uploaded on portal before 11-11-2016 positively.
2. Ensure that all the already registered establishments are also registered on portal with detail of seats located, before 11-11-2016.
3. Action taken report on the above points must be sent to undersigned on 11.11.2016 latest by 4 P.M through e-mail

It must be treated as most urgent/ date bound.
