DGT-40(7)MIS Portal 2016-17
Dated 24th June 2016

Dear Mr. Singh,

As you are aware that the Ministry of Skill Development and Entrepreneurship is taking various initiatives for qualitative improvement of vocational training system to make it more demand driven and also to make the system more transparent and effective, this ministry has launched a portal <https://ncvtmis.gov.in>. This portal is in public domain and is currently being used for the admission of trainees to Industrial Training Institutes (ITIs), trade testing, award of the certificate and carries details of instructors as per the NCVT norms.

ADT I (6A)

DST

17

Although the portal is being used by the ITIs and other stake holders for the purpose of uploading details of the trainees, it is observed that the details of the institutions are not yet loaded on the NCVT MIS portal. These details are essential to be uploaded by the institutes for information to all stake holders.

3. Accordingly, it has been decided that only data including the details of instructors including their Aadhaar Card Number and the NCVT MIS portal data of the admitted trainees to the respective institutes will be filed. This will be with effect from the ensuing academic session starting from August 2016.

4. You are, therefore, requested to take the initiative and direct the officials concerned to get the Instructor data information uploaded on the NCVT MIS portal in a time bound manner as stated above. You are requested to be apprised of the same at the earliest.

found today on my office table

Yours sincerely,

26/07/16

Sh. Asad Singh,
Director,
Directorate of Industrial
Training & Vocational Education,
